Native: Large-  
Leaf Pondweed  
*Potamogeton amplifolius*

# Hydrilla in Coventry Lake

A wide-angle landscape photograph showing a calm body of water in the foreground, reflecting the sky and the surrounding forest. The forest is dense with trees displaying vibrant autumn colors, including reds, oranges, yellows, and greens. In the middle ground, a small, simple building with a dark roof is nestled among the trees on a slight rise. The sky is filled with soft, white clouds, and the overall atmosphere is peaceful and serene.

Thank You!
